FLOW®

The way to simplicity!

In the often hectic environment of medical practices or clinics, it is every second that counts. Our software FLOW provides lightning-fast and reliable access to patient data and device information, as well as comprehensive reports. Gone are the days of long loading times and unnecessary clicks – leaving more time for the tasks that truly matter.

» iem.de/flow

Streamlined and lightning-fast processes

Effortless usability due to clear structures and self-explanatory workflows

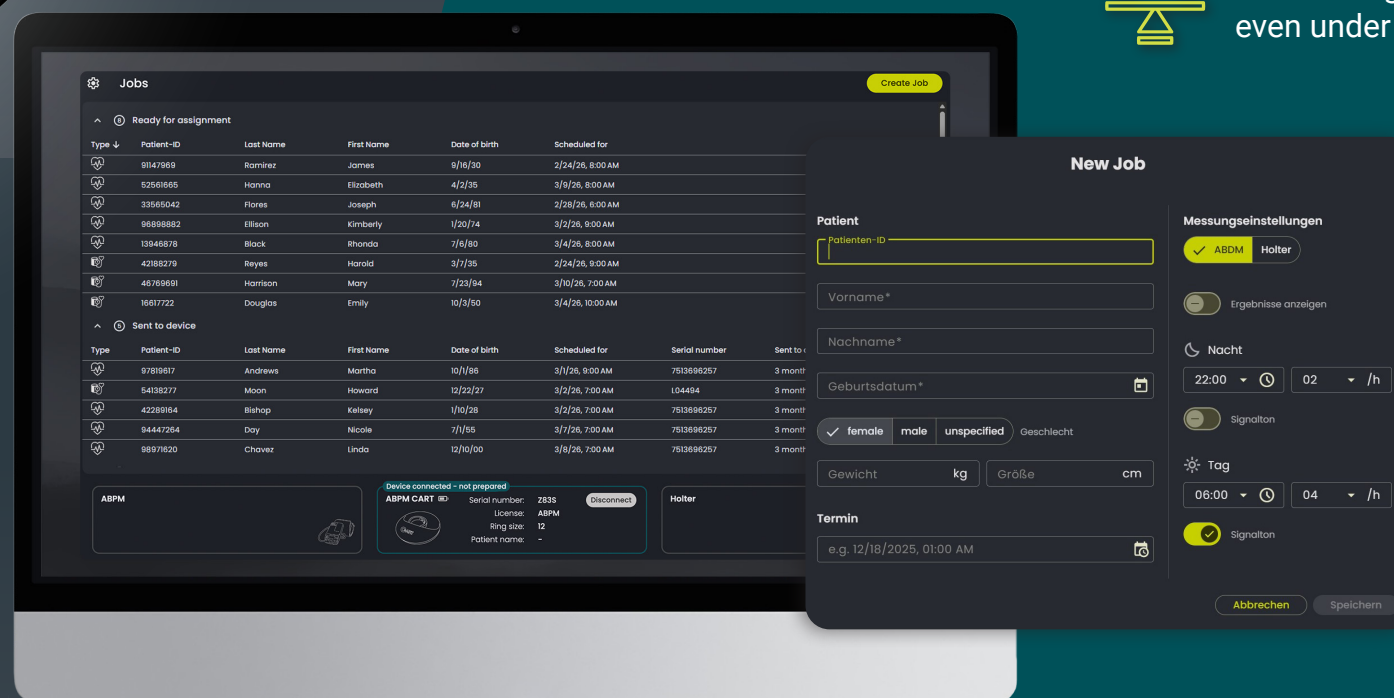

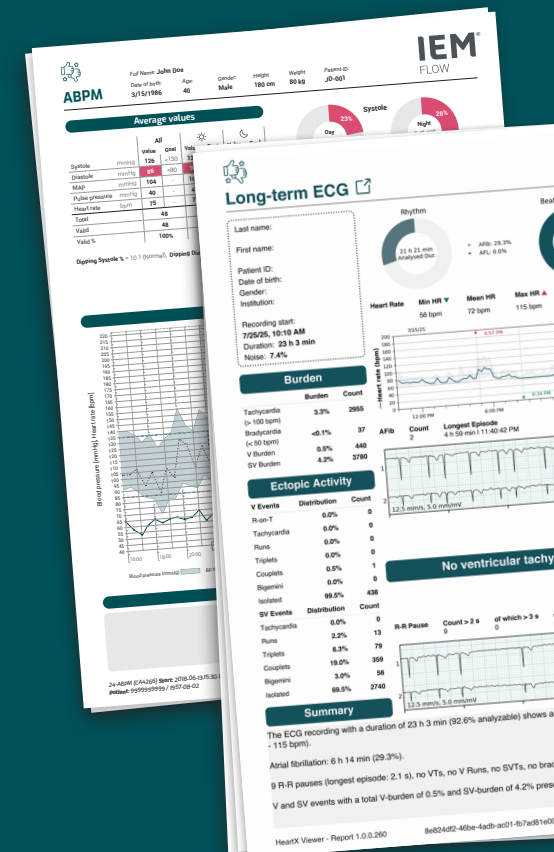

Automated and comprehensive reports – smooth documentation with minimal effort

Hassle-free and seamless Integration into existing EMR systems

Unwavering stability, even under high load

Supports
Windows & macOS
